Property Description

The Reflector is a modern, six-storey over basement office building with full-height glazing overlooking Hanover Quay. The available space across the first and second floors extends to 31,702 sq. ft.

The floor plates are bright and efficient and presented in turnkey condition, with the benefit of high-quality modern furnishings including desks, chairs, meeting room furniture and kitchen facilities. There are numerous meeting rooms, which offer occupiers a variety of sizes and designs.

The front of the building has a distinctive, memorable profile of bronze mesh panels and stone slabs which complement the glazed façade and reflect the sunshine across the water. The building was constructed in 2018 and as such, provides tenants with the latest in high-quality amenities including ample shower facilities as well as a secure basement car park and numerous bicycle spaces.

Held on a 20-year lease from 1st January 2019 with a break in 2030, the demise is available by way of a flexible sublease or assignment.

Location

Grand Canal Dock is an established national and international business centre in one of the most accessible parts of Dublin City Centre.

Within the docks, The Reflector is arguably the most iconic building, with uninterrupted water frontage spanning almost 75 meters on Hanover Quay. The local area is home to numerous international occupiers including JP Morgan, State Street, Indeed, Rabobank, Zurich, Trinseo, Airbnb, Docusign and Accenture.

Dublin Bus, the DART and Luas light rail system all provide reliable access links to this central location with stations within easy reach. The area has excellent road infrastructure with the Samuel Beckett Bridge providing speedy access to the North Docks, IFSC and Dublin Airport. A new bridge is also planned connecting Grand Canal Dock with Ringsend.

With five dedicated Dublin bike stations located within the Grand Canal Dock and ample bicycle storage within the building, it serves both the casual and the most perennial of cyclist commuters.
