

NOTES

Side Elevation

**IMPORTANT NOTICE:**

The drawing and specification takes into account the current Building Control Act and The Building Regulations, and are to be used as a guide to the works. The construction shall include all works inferred as necessary, though they may not necessarily be described in the drawing or specifications. All tradesmen operations shall be carried out by fully qualified tradesmen, each to his own trade. Sub-contractors are ultimately responsible for ensuring compliance with the regulations within their own trade.

All works, services and installations and methods of workmanship shall comply in full with the current Building Control Act and the Building Regulations and relevant codes of practice at the time of construction. The builder should monitor all the work with regard to the regulations at all times and check dimensions on site.

All drawings to be checked on site by the contractor before any work shall commence. Designer to be informed of any discrepancy immediately. Figured dimensions only to be taken from this drawing.

All drawings are copyright.
