LINKED VILLAS WITH PRIVATE SWIMMING POOL AND GARDEN

Situated along the edge of a wooded area, these linked villas enjoy a select position but remain within easy access of the main resort facilities. Contemporary in appearance, the use of clean forms and lines underline a stylish simplicity – a design signature that is also adopted inside. Each house has its own private heated swimming pool that enhances a garden planted with wild, indigenous flora. Roof terrace 59 m2, air conditioning, underfloor heating. These linked villas appeal to families who appreciate a degree of seclusion but still like to be near the resort's leisure areas. Furthermore, these spacious houses allow owners the flexibility of visiting this stunningly beautiful area in the National Park as often as they like, as these villas are sold without the Leaseback agreement. However, owners will still be able to rent their property with the resort's Touristic Rental Agreement. There are just 10 linked villas in this great location, nine of them with private pools, with only a few still available to purchase.
