D22 your new location in Dublin 22

12.5 km of walkways & cycleways to explore

3.5 km of tranquil canal setting

3 mins walk from Clondalkin Fonthill train station

Eco friendly transit hub including GoCar for car sharing option

25 mins cycle to Dublin City Centre

Seven Mills, a new town alive with opportunity

Parkleigh is the first neighbourhood in Seven Mills, the new town in Dublin 22, a community that offers exciting opportunities to grow, discover, and thrive. Parkleigh in Seven Mills is the perfect place for you and your family to call home.

CGI for illustrative purposes.

The town has been designed to be convenient and connected. When complete, almost anything you need will be a 5 minute walk away. With commercial and business hubs planned, you could live and work in Seven Mills.

Urban living in a parkland setting

Discover the stunning homes at Parkleigh, where exceptional design and craftsmanship shine. Canal-side parks and greenways alongside light-filled, spacious homes provide the perfect blend of urban living and natural serenity.

The town of Seven Mills will be a biodiverse and sustainable community that protects and enhances the natural environment while promoting a better quality of life. To promote pollinator-friendly habitats, we are creating hedging by cultivating plants that are attractive to pollinators. Additionally, we are actively engaged in planting and preserving hawthorn trees through seed collection.

Home, made better

At Parkleigh, our 3 and 4-bedroom homes deliver superior finishes and every detail has been carefully considered to create the perfect setting for any occasion. The highly insulated, airtight design includes high levels of roof, wall, and floor insulation plus internal pipe insulation to reduce heat loss.

Heat pump zone controls and other specifications will guarantee a BER A2 rating. All of which means that all homes at Parkleigh are crafted to maximise energy efficiency, which means you'll save money on utility bills while doing your part to minimise your carbon footprint.

Style meets function

Our thoughtfully designed and expertly built homes are future and family proofed. Every detail has been considered making your new home a joy to live in. From kitchens that work for families to contemporary bathrooms for that quiet escape, leaving more time for making memories.

Designed for a better future

The Grand Canal, a protected natural heritage area, runs alongside the community and provides a unique and protected habitat for local wildlife. You might even spot an otter or two on your walks. Our homes are built to be eco-friendly with an A2 rating and each will be a Near Zero-Emission Building (NZEB).

As part of our commitment to sustainability, we are also encouraging the use of eco-friendly transport options such as GoCar and a shared bike scheme. To improve local biodiversity we're keeping what was on the site and enhancing it

with native wildlife habitats. Residents can work from home or easily access the city centre, and every home is within a short 2 minute walk of green space.

Eligible for Government Initiatives

All new homes at Parkleigh have a BER A2 rating which means that they qualify for a green mortgage which can offer a lower mortgage rate to people buying a more energy efficient home. The majority are also eligible for the Help To Buy incentive and First Home Scheme which are designed to assist first time and other eligible buyers with their deposit and mortgage needs.

Find out more about eligibility and how to apply with our helpful guides.

Visit cairnhomes.com for more information.

A home well built

We believe in building homes that prioritise the environment, so every single home is High Performance Index (HPI) registered. That means they are built with a commitment to measuring and reducing our environmental footprint, including land use, loss of biodiversity, density, water consumption, energy use, and the impact of materials used.

In addition, each home is designed to reduce running costs, from transport to energy, and offer long-term value stability by being easily adaptable to changing family circumstance.

We also prioritise the health and well-being of our residents by addressing issues such as natural light, indoor air quality, acoustics, and walkability of the neighbourhood.

Getting the best of both worlds

Experience the tranquillity of nature and stunning canal-side views at Parkleigh, just 12 minutes from Dublin City Centre. Commuting is easy with nearby Clondalkin Fonthill and Kishoge* train stations, several bus routes, and easy access to the M50, N7, and N4.

Enjoyable walk and cycleways.

Many bus routes on your doorstep.

Clondalkin Fonthill station is just a 3 minute walk away.

Car and bike sharing programmes.

Future proofed for EV charging points.

Residents of Parkleigh can enjoy sustainable transport options with our E-bikes and car-sharing programmes. E-bikes are cost-effective and promote physical activity while reducing emissions. Our pay-as-you-go car-sharing partnership with GoCar gives you the convenience of having a car available when

you need it, without the cost or environmental impact of car ownership. These eco-friendly options provide practical and affordable transportation, reduce traffic congestion and improve air quality, improving people's quality of life while benefiting the environment.

*Scheduled to open in December 2023

Get there with ease

Parkleigh offers excellent options for cycling and walking. The neighbourhood boasts lengthy walk and cycleways, making it safe and convenient for residents to get around. The Grand Canal Greenway provides a scenic cycle route to the city centre, and there is also easy access to public transport and the road network.

CAIRN

Built For Good

All things considered

Since 2015, Cairn has been building a future for good for everyone.

Cairn homes are built to exceed expectations. All homes are A-rated, energy efficient and set in prime locations, with world-class design, planning and innovation central to every development.

From the communities we build, to our unique aftercare services, to the outstanding design and landscaping architecture of Cairn developments, to community initiatives, every element is considered, caring and thoroughly Cairn.

Customer Care Portal

Our online Customer Care Portal allows you to login to access important information about your new home such as; operating manuals, warranties, maintenance information, and FAQs.

Cairn customer support doesn't end when you get your keys. The portal also includes an online customer support service where you can log any queries you may have during the first year of moving into your new home. With notifications of events and news about your new neighbourhood also posted, this portal will be a great online resource for years to come.

People First

Buying a home is an exciting milestone in everyone's life and we want to make the entire experience as smooth as possible. From viewing our show homes right through to moving in day and beyond, our dedicated Customer Team are here to help you every step of the way.
