Re: Apartment 1, 24 Greenhills Road, Dublin 24, D24 WOFK

Dear Ciara,

We refer to your recent instruction and confirm that we have inspected the above property with the objective of estimating the open market value thereof under current market conditions.

We did not carry out a detailed survey of this property. We were not in a position to inspect the under floor timbers or other parts of the structure which were unexposed, covered or inaccessible and we are, therefore, unable to report that the property is free from defect.

This valuation is subject to sight of a satisfactory report from a suitably qualified architect or engineer as any problems/ major defects found would affect this valuation.

We assume, for the purpose of our valuation, that the title is held freehold or under long lease subject to a nominal ground rent and is free from any onerous covenants or encumbrances whatsoever affecting the title and that vacant possession would be available of the entire.

We understand that all main services are available to this property however, we did not test same.

Our valuation as set out below, is based on the information available to us at the date of this letter and furthermore, assumes that normal market conditions were appertaining at that time.

We are assuming for the purposes of our valuation, that any necessary planning and/or statutory requirements have been obtained and strictly complied with, together with any conditions attaching thereto.

Our letter and valuation is intended solely for the information of our client and consequently David Ross Estate Agents cannot be held liable to any third party whatsoever for the contents of this letter or any part thereof.

In our opinion, the open market value of the property under current market conditions would be in the region of €450,000 (four hundred fifty thousand euro).

Kind Regards,

Ross Forde
