# A NEW HORIZON

One North Dock is being reimagined. This award winning, landmark building on the River Liffey is being redesigned and repositioned to create a beautiful and inspiring modern workplace.

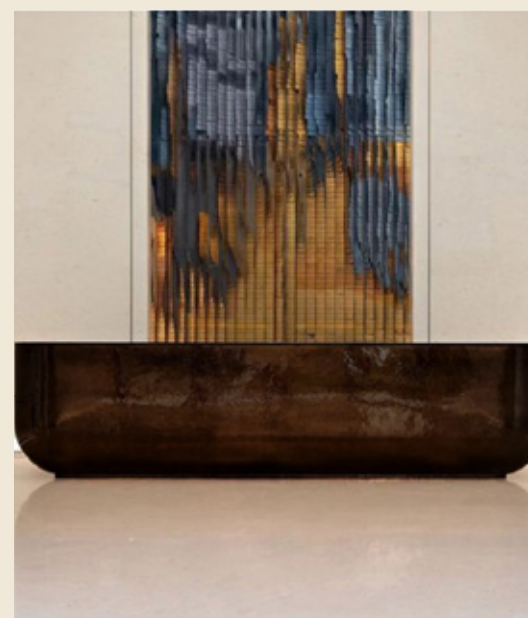

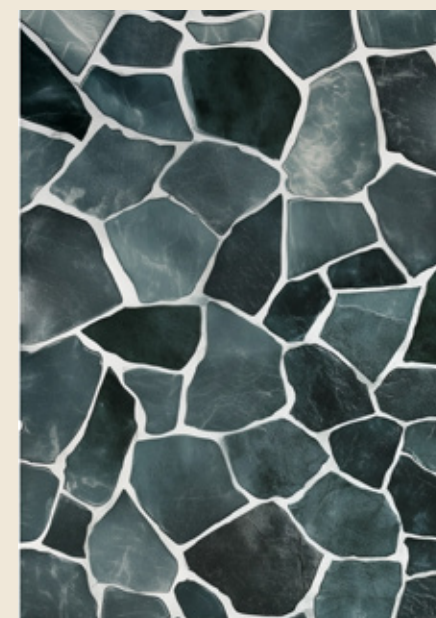

150 FEET OF  
UNINTERRUPTED  
WATER FRONTAGE

# MODERNISED FOR THE FUTURE

A bold redesign is underway. One North Dock is being transformed with an elevated sense of arrival, enlarged and upgraded HQ reception, and improvements to lift lobbies and wayfinding.

The light filled central atrium is being transformed into a luxurious executive lounge for occupiers, offering a dedicated space for networking, collaboration, and private events. A communal wellness suite, exclusive boardroom as well as excellent cycling, shower, and upgraded end-of-trip facilities will ensure best-in-class occupier amenities.

//

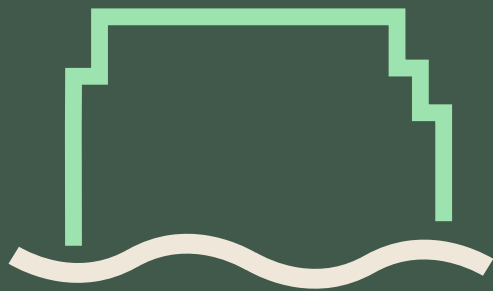

The repositioned One North Dock is about to be brought to life. After months of planning, the new design will capture the collective vision of One North Dock as the Dockland's premier office destination"
