# LOVE SPACE TO UNWIND LIVE TO SHAPE THAT SPACE

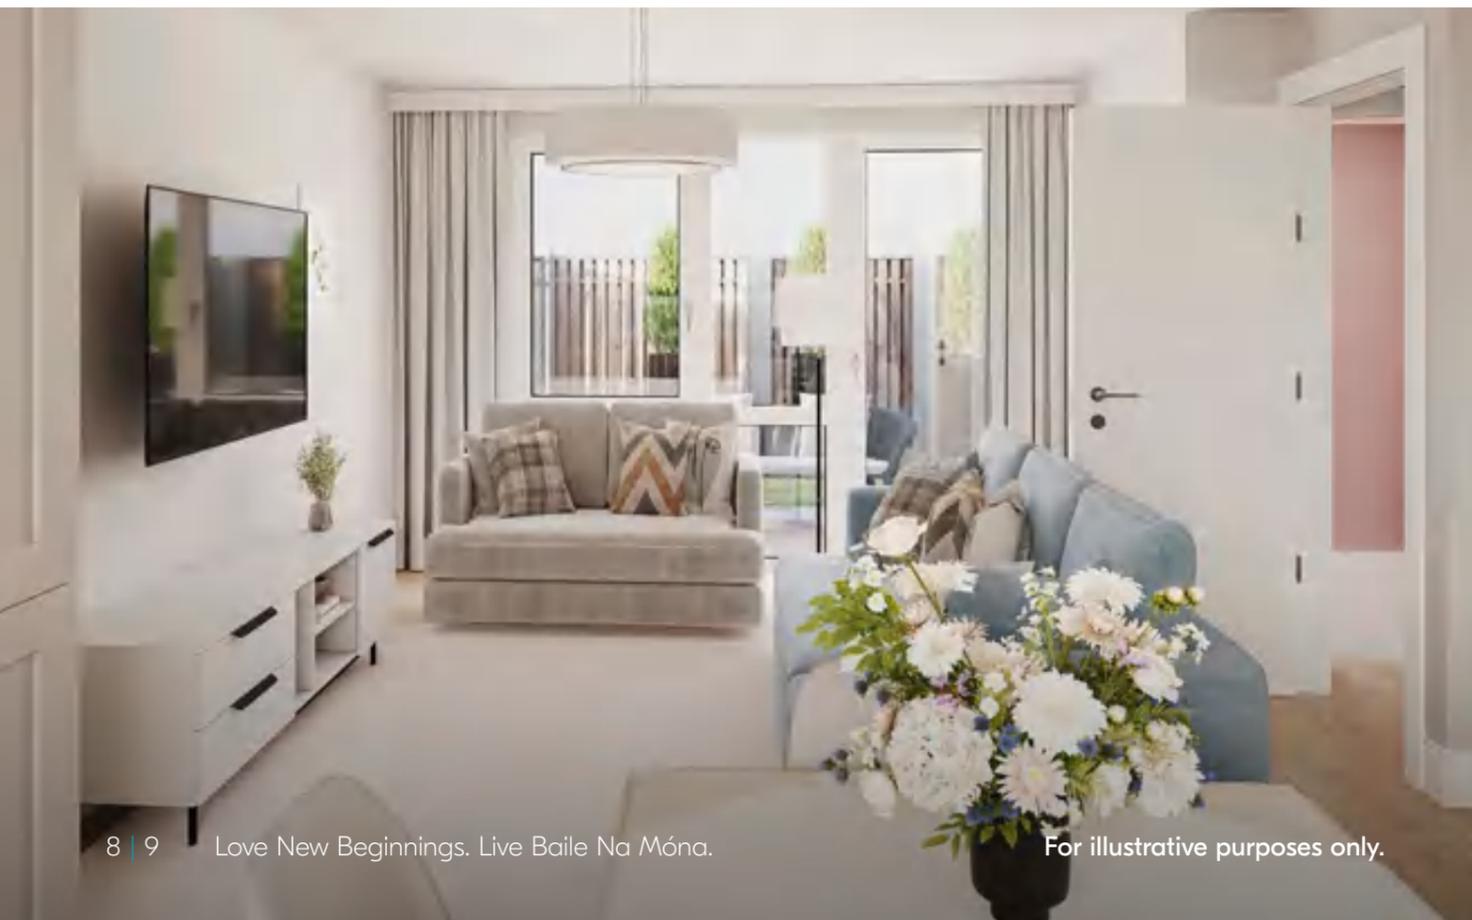

The interior of every Baile Na Móna home is built with you in mind. Whatever you want – space for the kids to play, a place to work from or more room to entertain friends, each home offers all the flexibility you will need.

## The comfort you want, how you want it

Space and light help you to bring the plans for your home to life. Our designers factor real furniture sizes into each home's layout to make furnishing your home to your taste a far easier process.

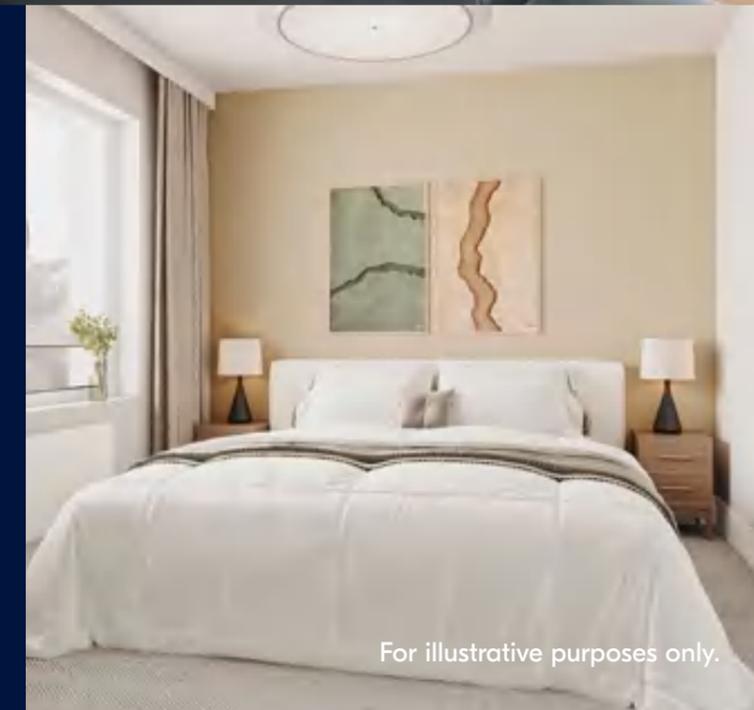

For illustrative purposes only.

## A-Rated Specs and Standards

If it isn't A-rated, then it isn't a Glenveagh home. Each property of ours performs at the highest possible level on the BER efficiency scale – exhibiting the highest standards of insulation and airtightness.

For illustrative purposes only.

# LOVE THE FUTURE OF COMFORT LIVE WITH EFFICIENT TECHNOLOGIES

The efficiency of a home isn't something that's just felt in your back pocket, but through the comfort and warmth you experience every day. All Glenveagh homes are built using modern construction techniques and technology that benefits you, the owner.

Our homes are built to be energy efficient with a minimum A rating on the BER scale with the highest standards of insulation and airtightness in all our properties.

## What do homes of the future look like?

We're building the homes of tomorrow, today. We incorporate sustainable and renewable technology to reduce the carbon footprint of your home, not only in how it's built, but in how you experience it from the day you move in.

## Why is an airtight home a better choice?

Efficiency and sustainability aren't simply about generating heat or the energy you use in your home; it's about retaining it and keeping it in. Your home is completely wrapped using the very latest underfloor, wall and attic insulation technology, making it airtight so there's no air leakage. Glenveagh homes use sophisticated ventilation systems to remove condensation and contaminants to ensure a better quality of air throughout.

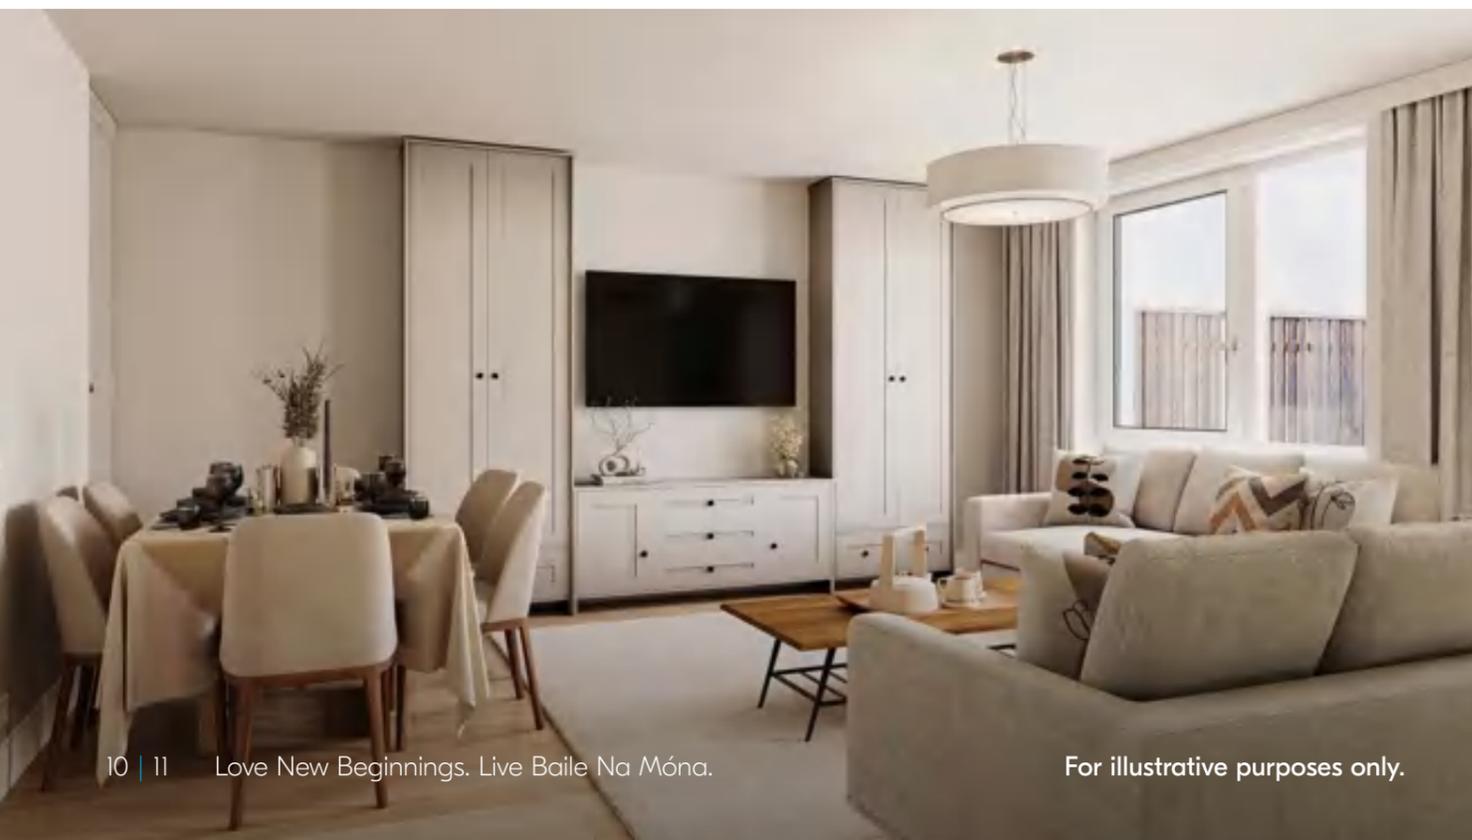

## How a heat pump works for your home

A heat pump costs a lot less to run than gas or oil, and is a far more efficient way to heat a home.

A heat pump system draws heat from different sources: air, water, or the ground. The heat generated is then distributed throughout the home, and because your home is airtight and uses better insulation it takes less energy to create a comfortable space.

## Future plans for electric vehicles

Times are changing and we're ready to keep up. As electric vehicles become increasingly common on Irish roads, plans are already in place for the construction of on-site charging facilities in Baile Na Móna.

# LOCAL AUTHORITY AFFORDABLE PURCHASE SCHEME

Glenveagh are proud to support the Local Authority Affordable Purchase Scheme in partnership with Fingal County Council.

The Local Authority Affordable Purchase Scheme helps buyers purchase a newly built home at a reduced price. The scheme is aimed at households or individuals who need to bridge the gap between their deposit, their approved maximum mortgage and the market value of the property they would like to purchase.

If you qualify and avail of the equity, the local authority may be able provide up to a maximum of 26.02% of the market value of your new 3-Bed home or up to a maximum of 29.71% of the market value of your new 2-Bed home in this scheme, in return for the same percentage of equity share in the property. This means that if you buy the home at a 20% discount, for example, the local authority will own a 20% stake in your property.

Please note First Time Buyers are eligible to claim HTB on Local Authority Affordable Purchase Schemes. A qualifying loan must be taken out on the qualifying residence, with a qualifying lender.

The Council may not seek realisation of its affordable dwelling equity for a 40-year period (other than for breach of the agreement). However, the purchaser may choose to redeem or buy out the affordable dwelling equity at any time by means of one or a series of payments to the Council.

The minimum amount of redemption payment is €10,000.
